Each and every photo in our new catalogue reveals this passion and reawakens the fantastic, unforgettable times spent on the boat. So, why not look through this catalogue and let your imagination set sail across the seas, the oceans and the large lakes all over the world. # IL MIO CREDO

MY BELIEF

MA PHILOSOPHIE

**Io credo** nella dedizione e soddisfazione totale del cliente al di là ed oltre un immediato guadagno economico.

**Io credo** nei rapporti di lunga durata e li perseguo perchè danno solide fondamenta ed un futuro di sviluppo.

**Io credo** che l'onestà, la serietà e la correttezza siano l'essenza stessa della mia azienda e della sua immagine sul mercato. Ad essa debbono attenersi tutti i miei collaboratori e fornitori.

**Io credo** che la ricetta del successo sia 10% ispirazione, 90% traspirazione.

**Io credo** che il traguardo del successo sia sempre più avanti.

**Io credo** fortissimamente nel successo della mia azienda; la mia è una convinzione granitica ed assoluta.

La certezza del successo della mia azienda deriva da tre cose:

- l'obiettivo consapevolezza delle mie capacità;
- la forza, la tenacia e la rivincita di ricreare un'azienda dal nulla dopo esserne stato privato;
- la determinazione nel lavorare ed affermarmi nel mondo della nautica.

**Io credo**, così come mio padre ha fatto con me, di avere l'obbligo morale di trasmettere tutto il frutto di questo lavoro alla mia progenie.

**Io credo** che tutte le persone che vengono in contatto con la mia azienda debbano percepirne lo spessore e la grandezza dei valori di cui essa è portatrice.

**I believe** in dedication and the total satisfaction of the client above and beyond an immediate economic gain.

**I believe** in long term relationships and I pursue these because they give solid foundations and a future of development.

**I believe** that honesty, reliability and correctness are the very essence of my company and its image on the market. All my collaborators and suppliers must respect these values too.

**I believe** that the recipe for success is 10% inspiration, 90% perspiration.

**I believe** that the goal for success is always further ahead.

**I believe** really strongly in the success of my company; mine is an absolute and rock-like conviction.

The certainty of the success of my company derives from three things:

- the objective awareness of my capabilities
- the strength, tenacity and satisfaction in creating a company from nothing after having been deprived of it.
- the determination to work and assert myself in the nautical field

**I believe**, just as my father did with me, that I have the moral obligation to transmit all the fruits of this work to my descendants.

**I believe** that all those people who come into contact with my company must recognise the substance and importance of the values that it represents.

**Je crois** au dévouement au client et à la recherche de sa satisfaction totale, bien au-delà de tout gain économique immédiat.

**Je crois** aux rapports de longue durée et je les nourris, car ils assurent des bases solides et un avenir lumineux.

**Je crois** que l'honnêteté, le sérieux et l'éthique sont l'essence même de mon entreprise et de son image de marque sur le marché. Ce sont là des valeurs que tous mes collaborateurs et fournisseurs doivent respecter.

**Je crois** que la recette du succès est la suivante: 10% d'inspiration, 90% de transpiration.

**Je crois** que le point d'arrivée du succès est toujours un peu plus loin.

**Je crois** intimement au succès de mon entreprise c'est une conviction granitique et absolue.

La certitude du succès de mon entreprise découle de trois facteurs:

- la confiance inébranlable en mes capacités
- la force, la ténacité et l'envie de revanche, qui m'ont poussé à repartir à zéro après avoir été dépossédé de mon entreprise
- la détermination dont je fais preuve dans mon travail, pour m'affirmer dans le domaine du nautisme

**Je crois**, comme mon père l'a fait avant moi, avoir l'obligation morale de transmettre le résultat de mon travail à ceux qui viendront après moi.

**Je crois** que tous ceux qui entrent en contact avec mon entreprise doivent percevoir l'importance et la richesse des valeurs dont elle est porteuse.

## ONE MOVE SYSTEM

Grazie al "One Move System" brevettato, è possibile aprire e chiudere l'ombrellone in un unico movimento. Non è necessario spostare sedie e tavolo mentre si chiude l'ombrellone poiché si apre e si chiude al di sopra dei tavoli standard (non valido per la versione m 3x3).

*The patented "One Move System" helps you to open or close the umbrellas easily in one single movement. No need to move the table while closing or opening the umbrellas. The umbrella opens or closes above standard tables and chairs (not valid for mt 3x3 version).*

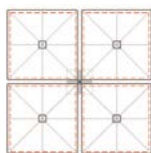

## PISTONE A GAS - GAS SPRING

La versione manuale è ultraleggera da manovrare, grazie al Pistone a gas in acciaio inox (non valido per la versione m 3x3).

## UV FILTER

Ozone layer depletion has caused a reduction in the filtering of ultraviolet rays. This, in turn, entails that prolonged, unprotected exposure to the sun poses increased health risks. All P6 and P7 fabrics have the capacity to significantly reduce the penetration of UV rays and offer you and your children the perfect protection from the harmful effects of sunrays (100% of UV rays are filtered out).
